Profiles in Thabo Tshabalala

Thabo-Tshabalala

Summary

Software Developer with hands-on experience building enterprise-level applications using Spring Boot, Blazor Hybrid, and Flutter. Skilled in developing user-centric solutions, collaborating in agile environments, and solving technical problems.

Experience

Onsight Software

July - December 2024

Software Developer Intern

Cape Town

Technologies: Blazor, C#, SQL

- Developed multiple fully functional UI components for the Onsight application, including the main menu (user details, logout, app version, and internet connectivity status), search functionality, customer creation, and customer group selection.
- Resolved a critical font sizing issue in the application's UI by implementing a scalable solution, improving readability and ensuring consistent font rendering across all devices.
- Collaborated on the design and development of server applications using .NET and SQL databases under supervision.
- Developed applications for Windows, Android, and iOS platforms, under guidance.
- Proficient in debugging.
